## Anti snore pillow

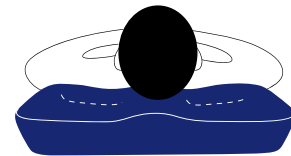

### Makes side sleeping effortless

Open the package.

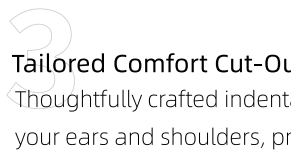

#### 1 Comfort-First Forehead Support

This placement positions you for side-sleeping with an optimal downward tilt, keeping airways open and snoring at bay.

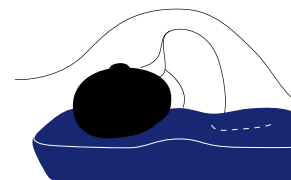

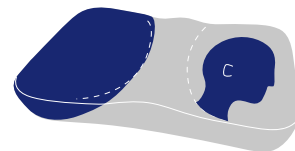

#### 2 No-Roll Central Ridge

The central ridge acts as a gentle barrier, helping you sleep soundly on your left or right side without rolling onto your back.

#### 3 Tailored Comfort Cut-Outs

Thoughtfully crafted indentations your ears and shoulders, providing a pressure-free sleep experience.

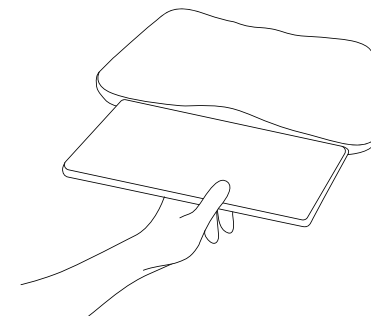

#### 4 Downward Tilt for Clear Airways

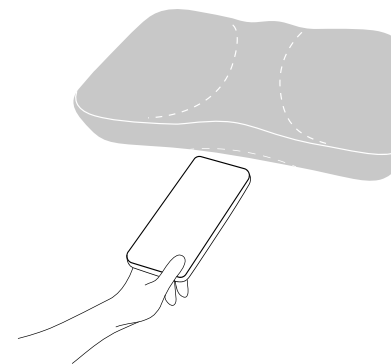

The design ensures your head is tilted just enough to open up your airway, reducing the risk of tissue blockage in your throat.

### Multiple Height Adjustments

1. Use the adjustment layer to modify the overall pillow height

2. Use the adjustment layer to adjust the height of the central ridge
